

LED 6X18W

RGBLA+UV Uplight

MAIN FEATURES

- 1.Waterproof IP20
- 2.RGBLA-UV 6in1 LED
- 3.2 Channels available:CH6/CH10

TECHNICAL SPECIFICATIONS

ELECTRICAL

- Input power: AC100-240V
- Power frequency: 50/60Hz
- Power: 50W

BATTERY

- Battery type: lithium-ion
- Battery storage: 12Ah
- Battery charging current 4A
- Battery run time: 3 hrs at full RGBA on
- Battery charging cycle: 4 hrs
- Average lifespan: 500 times charge and discharge

LIGHT SOURCE

- Source: RGBLA-UV 6in1 LED
- Average lifespan: 50,000 hours

COLOR SYSTEM

- Color : RGBLA-UV

ELECTRONICS

- Linear dimming: 0-100% Linear Dimmer
- Strobe:1-20Hz

OPTICS

- Beam Angle:25°
- Cooling method: fan cool

DYNAMIC EFFECTS

- Color mixing, including lemon color
- 16 Built-in macro effects..
- Strobe effect, Automatic color switching, Color gradient and mutation functions with speed control

CONTROL

- Control protocol: DMX512 wireless/ DMX512
- DMX channel:6/10CH
- DMX connector: DMX 3-Pin XLR input/output
- Power connector: PowerCon input/output
- Control mode:DMX/Master-Slave/Auto/Sound
- LCD Display

PHYSICAL

- IP Rating:IP20
- Housing color: black
- Ambient temperature: -10°C-40°C
- Product dimensions:137x137x200mm/5.4*5.4*7.9in
- Weight:2.4kg/5.3lb
